

## Certificate of Insurance Requirements

A certificate of insurance must be received prior to your rental date. The following requirements must be met:

The certificate must contain:

1. General Liability with a minimum of \$ \_\_\_\_\_ Combined Single Limit with an acceptable insurance company.
2. Proof of physical damage coverage up to a full replacement value of the equipment rented.
3. The certificate must state: **\*\*The verbiage below must be used\*\***

**CPR Multimedia Solutions is additional insured/loss payee with respect to equipment rented, leased or borrowed from CPR by the insured. Equipment coverage is special form/replacement cost with a deductible of (list your deductible here) and coverage value of \_\_\_\_\_ (replacement value of CPR equipment). Equipment is insured both while in transit and at site of usage.**

**\*\* (Note: If CPR's equipment is not being shipped, delivered or picked up by anyone other than CPR, the certificate of insurance need not include transit coverage.**
