

CPR MultiMedia Solutions, based in Washington, D.C., provided two 14' x 18' and two 9' x 12' Barco DLite LED walls for the Pentagon event.

Presidential Projections

Political leaders and Pentagon employees watch the President on four Barco LED walls

CPR MultiMedia Solutions selected Barco to provide high-performance displays for the Department of Defense Service of Remembrance, held one month after the devastating attacks on America. The event featured a special visit from President George W. Bush and was held at the Pentagon in Washington, D.C. CPR MultiMedia Solutions, based in Washington, D.C., provided two 14'x18' and two 9'x12' Barco DLite LED walls for the event. Nocturne Productions and I-MAG Video also supplied equipment to CPR Multi-media for the event. President George W. Bush addressed thousands of military personnel and civilians on the Pentagon lawn. Participants included Chaplains from the U.S. Air Force, the U.S. Army, and the U.S. Naval Reserve, in addition to the Secretary of Defense Donald H. Rumsfeld. The National Anthem and patriotic hymns were performed by the Military Chorus. The memorial was

broadcast live on national television throughout the United States.

Two 14'x18' Barco LED walls were used on the Upper Parade of the Pentagon lawn, facing the river and the Jefferson Memorial. Two 9'x12' Barco LED walls were used on the Lower Parade supported on CPR's self-contained, free-standing Tomcat truss system. All four walls were used to project brilliant, live images of the speakers and performers, in addition to graphics.

Jeff Studley, president of CPR MultiMedia Solutions, states, "As a nation, we are all mourning the loss of the brave men and women that perished on September 11. We were honored to provide our services and equipment for this special memorial honoring the victims at the Pentagon and the World Trade Center."

Curt Petty, Barco market business manager, events, states: "We were proud to have been a part of

this moving tribute to the victims of the Pentagon attack. Our thoughts and prayers are with all Americans during these trying times."

Barco has delivered over 2700 square feet of its DLite 7 Daylight Display LED Wall to CPR MultiMedia Solutions over the past year. CPR MultiMedia Solutions specializes in rental and staging, creative services, event management, and A/V sales to corporate and producer clients, government agencies, and the entertainment industry. Customers include H.J.Heinz, NIST, Daimler-Chrysler, Northrup-Grumman, NASA, USAF, HBO, Cablevision, and *America's Most Wanted*.
